## Tech Horny!

Posted on **July 21, 2015** by **admin**

Well, it's DEFCON time again and we've put together another technology oriented No Agenda CD to hand out at the conference! We've dubbed this one the 'Tech Horny' disc and you can use it to hit Dudes (and Dudettes) named Ben in the mouth. Don't worry, another, more traditional, No Agenda CD is right on it's heels. Propagate the formula, Slaves!
